

Guernsey Insurance Forum 2005

HIM Guernsey attended this annual event, which was held at the Excel Centre in London's Docklands during November. Once again, this event was a great success!

Along with other Guernsey based managers and related service providers, HIM Guernsey exhibited a stand, with staff from both Guernsey and the London based Head Office, including the Chief Executive, Peter Walker.

As in previous years, the Forum was organised by GICMA; the association of Guernsey Insurance Managers, and the principal sponsors for 2005 were Guernsey Finance.

GICMA and Guernsey Finance believe that holding the Conference in the country from where the largest proportion of business derives enables better contact with potential clients.

The overall consensus of feedback received from Delegates and other attendees, was that the Forums was an excellent conference and a busy exhibition. Also highlighted was the full and varied Programme with a range of well known industry and client figures.

There were both plenary and break-out sessions, with a lively conference debate in the afternoon and good opportunities for networking supplemented the opportunities for continuing professional development.
